

This architectural floor plan depicts a fire station (Záchranná služba) with a total length of 68,660 units and a total width of 6,820 units. The plan is divided into several functional areas:

- Záchranná služba (Fire Service):** A large central hall (1) with a width of 6,500 units. It contains a staircase (schodiště) and a garage (garáž) with a width of 2,800 units.
- Garages:** A series of ten garages (garáž 1 to garáž 10) with widths ranging from 2,400 to 3,100 units. They are arranged in a row along the right side of the main hall.
- Structural Details:** The plan includes numerous structural elements such as columns (S2, S3, S5, S6), beams (1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22), and walls. Dimensions for these elements are provided throughout the plan.
- Other Features:** A staircase (schodiště) is located near the main hall. A small room (13) is situated at the bottom right. A large circular area (16) is located at the top left, possibly a parking area or a large storage space.

The plan is detailed with numerous dimensions and structural annotations, providing a comprehensive view of the building's layout and construction.
